

PRAYER REQUESTS

CHURCH FAMILY

Dave Swenson - Continuing to recover following a heart attack. Pray that God would heal any lingering damage and that Dave would receive rest and strength during this healing process.

Kirk Wermager and Lola Wermager - Pray for strength as they battle various health issues. That they would sense God's presence with them through this time of uncertainty and lean on Him.

Faith (Friend of Kim Gilbertson's aunt Sharon) - Please pray that her doctors would be able to find an effective treatment for the infection that she currently has and that she can find rest through her healing. Also, that her family would be able to transfer her up to Fargo to be closer to them. Also pray that her and her family would be encouraged through Christ, knowing that He has her in his hands.

Kim (Mother of Briana Leigh) - Has a brain bleed coming from an unknown source, and a lesion that could be a tumor or infection. Doctors are running more tests. Continue to pray for answers, clear guidance from the medical team, and God's peace to surround Kim and her family.

Joanna (Friend of Elizabeth Norton) - Was transferred to Craig rehab hospital in Colorado. She is continuing therapies to improve her responsiveness and mobility. She has begun speaking in more clear sentences and recognizing those around her. Please pray for her and her family, that they would all continue to lean on Jesus through her recovery and healing, and rest for Jo as she continues to heal.

PRAISE

Praise! There were over 180 kids who attended VBS this last week and got the opportunity to hear about the love of Jesus! Please pray that the good news they heard would impact them for the rest of their lives and that they would be hungry to learn more!

MY PRAYER NOTES
